

**THE AWAKENING OF AN ANGEL VOLUME ONE MAILING LIST
UNITED KINGDOM**

These are the mailing addresses of mostly Spiritualist churches and healing centres I sent a letter and copy of Volume one to around the world. I also sent them to astrology clubs and societies, which I will list at the very end of the list, as there are not that many. Some of these addresses may not exist anymore, as I am still receiving returned letters, even as I post these address blogs on the web.

This list is mostly in alphabetical order in each county or state, but check some of the large areas and cities which are listed, in case a City or area is within a county or state, and you want to look up the addresses in a there as well.

I will list the page number of the start of every country, state, county or city, in this content list, so you can find them quicker.
